[linkedin.com/in/amjadhussain2k](https://linkedin.com/in/amjadhussain2k)

Computer Science undergraduate at the University of Jaffna with practical experience in full-stack development, specifically in ASP.NET Core, Angular, and PHP/Laravel ecosystems. Proven track record of building and deploying production-style systems, including a live auction platform. Active IEEE leader with strong financial and organizational skills. Seeking an internship to leverage skills in software engineering, backend development, and cloud integration.

## Education

- Royal College Colombo 7 2006-2018
  - A/L Physical Science Stream (ACS)
  - O/L 7A 2B
- University of Jaffna 2022-present
  - Bachelor of Science (Honours) in Computer Science
  - GPA: 3.15

## SOFTWARE ENGINEERING PROJECTS

- **AuctixLab – League Auction Management System (Live Project)**
  - Tech Stack : ASP.NET Core, Angular, SignalR, SQL Server, Tailwind CSS
  - Developed a production-grade auction platform used for live tournaments, featuring multiple auction modes and role-based access for Hosts, Team Owners, and Players.
  - Engineered robust RESTful APIs using ASP.NET Core and Entity Framework.
  - Implemented real-time data synchronization for live bidding using SignalR, ensuring zero latency during auctions.
  - Deployed and maintained the application on a VPS (auctixlab.cloud), handling CI/CD and server configuration.
  - Led QA efforts, including regression testing and scenario design to ensure system stability.
- **Complaint Management System – Dept. of Computer Science, UoJ**
  - Tech Stack: PHP, MySQL, JavaScript, HTML/CSS
  - Built a centralized web portal for students and staff to track and resolve departmental complaints.
  - Designed a Role-Based Access Control (RBAC) system for Master Admins, Staff, and Students.
  - Implemented secure features including OTP-based password resets via email and image upload capabilities.
  - Created data visualization dashboards to track total, resolved, and pending complaints.
- **Mobile To-Do Application**
  - Tech Stack: React Native
  - Developed a cross-platform mobile application for task management with a responsive UI.
  - Implemented CRUD operations and local state management for a seamless user experience.
- **Bad Cookie Detector – Image Process and Edge Computing Simulation**
  - Tech Stack: Python
  - Created a simulation tool to identify problematic browser cookies, enhancing understanding of HTTP sessions and web security vulnerabilities.

## VOLUNTEERING

---

- **IEEE Student Branch – University of Jaffna** Jan 2023 – Present
  - Past Treasurer & Executive Committee Member
  - Manage branch budgeting, financial tracking, and reimbursements for all branch activities.
  - Collaborated on strategic planning and event organization, including IEEE Day 2023.
  - served as Financial Chair for the YarlInsight Summer School on Software Engineering 2024, handling comprehensive financial planning for the program.
  - Spearheaded award nomination reports, securing recognition for the branch.
  
- **IEEE Young Professionals Sri Lanka** Sep 2023 – Sep 2024
  - University Representative (StudPro 6.0)
  - Acted as the primary liaison between IEEE YP Sri Lanka and university students, promoting professional development programs.
  
- **Leo Club of Nallur 306B1** Dec 2022 – Nov 2024
  - Former Assistant Secretary |Facilitated documentation and communication for social service projects.
  
- **Department of Computer Science, UoJ** Sep 2023 – Jan 2025
  - Level 2S Batch Representative
  - Represent student feedback to academic staff and coordinate department-level activities.

## TECHNICAL SKILLS

---

- **Frontend:** JavaScript, React.js, React Native, Angular, Tailwind CSS, HTML5, CSS3, Next.js (Basic).
- **Backend:** ASP.NET Core Web API, PHP (Laravel).
- **Databases:** Microsoft SQL Server, MySQL, MariaDB, MongoDB.
- **Languages:** Java, Python, C++, Perl.
- **Tools & Version Control:** Git, GitHub, Swagger/OpenAPI, JupyterLab, Pandas, NumPy.

## LANGUAGES

---

- English :- Professional.
- Tamil :- Native.
- Sinhala :- Conversational.

## Interests

---

- Cybersecurity
- Networking
- Competitive Coding
- AI/Data Science.
